

Declaration of consent to the use of data

GIZ and BBE are presenting an international photographic project from October 2017 to April 2019. The project, entitled "Vom Weggehen und Ankommen" [Of Departures and Arrivals], aims to answer the question of the personal experiences gathered by people who leave their familiar surroundings and find themselves in a new environment. Participation in the photographic project is open to anyone who either presents their personal perspective on the subject in the form of photos, or who wishes to document the experiences of individual persons or groups as an external observer. The undersigned is participating in this project and intends to support GIZ and BBE in their work. To this end, the undersigned shall grant a right to use data to both GIZ and BBE in accordance with the following provisions.

1. The undersigned consents to the submitted personal data of the undersigned (i.e. CV, informational text on the photo series, requested title of the photo series, and any other submitted data) being stored, processed and publicly reproduced by GIZ and BBE for the purposes of the photographic project. This includes storage by means of electronic data processing as well as electronic distribution in a multimedial form (especially publication on the website of the photographic project www.vomweggehenundankommen.de).
2. The submitted data may be viewed by the jury members presented on the website.
3. The undersigned has the right to request their personal data, to have them corrected if necessary, and to request the deletion of the data. The data will then be deleted. The consent granted to the use of the personal data may also be revoked at any time. The revocation must be sent by email to fotoprojekt2017@giz. A revocation in the selection phase would mean that the submitted photo series would no longer be eligible for a prize.
4. If the submission of the undersigned does not comply with the principles of GIZ and BBE and is therefore not published, the data submitted will be promptly deleted.
5. All data that was submitted with the published contributions, but not intended for publication, will be deleted after two years.

When using the data, GIZ and BBE will comply with the statutory provisions on data protection. When using the personal data, GIZ and BBE shall include an explicit reference to the undersigned as well as to the "Vom Weggehen und Ankommen" exhibition in each case.

The undersigned will send the personal data covered by this declaration of consent (i.e. CV, informational text on the photo series, requested title for the photo series) to GIZ and BBE by 20 December 2017 as a digital version by email through filetransfer.giz.de to fotoprojekt2017@giz.de, or on a CD by mail to Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH, Marius Weist, Reichpietschufer 20, 10785 Berlin. The signed declaration of consent to the use of data must be attached to the submission.
